OATMEAL

Tasty, filling oatmeal couldn't be hotter! For operators, oatmeal provides a simple, hearty base ingredient for a variety of recipes and toppings—the ultimate in culinary flexibility.

INSTANT OATMEAL

Just add water to these convenient, delicious varieties, fortified with eight essential vitamins and minerals.

QUICK OATS

These are 100% natural oats with whole-grain goodness, cut into several pieces before being rolled so they're quick to prepare—and they cook in one minute!

OLD FASHIONED ROLLED OATS

These are 100% natural oats that have been cleaned, hulled, cleaned again, steamed and flattened. Great for the buffet table or as an ingredient for muffins and cookies. Cooks in five minutes.

STEEL CUT OATS

Coarsely cut oats without additional processing provide a hearty porridge-like consistency that's an ideal premium menu offering.

GRITS & FARINA SOLUTIONS

Farina is made with ground wheat, has a smooth texture, and is an excellent source of iron and calcium.

Rich and buttery, grits is a time-honored staple of Classic Southern American cuisine. Available in quick-cook forms.
